**Languages and Software:** C, C++, Python, SQL, JavaScript, HTML, CSS, Verilog, MATLAB

**Frameworks/Technologies:** React.js, Next.js, Angular.Js ,Node.js, Express.js, MongoDB, Tailwind CSS

**Technical Skills:** Data Structures and Algorithms, Operating System ,Object-Oriented Programming

## PROJECTS

**Devlinks** | *NextJS, MongoDB, JavaScript ,HTML and Tailwind CSS* | [Github](#) | [Live](#)

- Built a Linktree-like website using Next.js, integrating Google NextAuth for secure user authentication
- Used MongoDB to store user links and implemented link validation to ensure only valid URLs are accepted and displayed.
- Enhanced user experience by utilizing the HTML Drag and Drop API, allowing users to easily reorder and manage their links on the platform

**DineEase** | *ReactJS, MongoDB, JavaScript ,NodeJS ExpressJS and CSS* | [Github](#)

- Conducted a thorough analysis and refactoring of the codebase in a ReactJS web application, optimizing performance and reducing overall server response time by 50%, leading to improved site efficiency and user satisfaction.
- Architected a MongoDB database that streamlined data storage processes, resulting in reduction in storage costs
- Optimized backend systems with NodeJS and ExpressJS, increasing data processing speed by 50% and enabling the platform to handle twice the user load

**FitPulse** | *ReactJS, ExpressJS,NodeJS, JavaScript ,HTML and CSS* | [Github](#)

- Implemented the user interface of **FitPulse** using **ReactJS** and **CSS**, improving visual appeal and user interaction by 40%.
- Architected a robust back-end infrastructure with Node.js and Express to streamline data processing;
- Included features like BMI calculator and an email communication system, improving response efficiency by 30%..

## POSITION OF RESPONSIBILITY

**PR and Logistics Coordinator** June 2024 – Present  
(IEEE - DTU)

- **Collaborated** with team members to ensure seamless **coordination** and **successful outcomes** for events and activities
- Launched targeted PR initiatives that improved IEEE DTU's presence, resulting in the establishment of 10 new partnerships with campus organizations and a 25% increase in event attendance within the academic year.
